OUR PRICES

MAR 6 1925

We have aimed to keep our prices as low as possible, consistent with the quality of stock offered. Quality and not price should be the guiding factor in purchasing nursery products.

Cheap nursery stock is dear at any price. Our prices are not cheap neither is our stock. We will make special rates when stock is wanted in quantity.

There are no additional charges for packing as is customary in many nurseries.

For description of items priced see our descriptive catalogue. Mailed Free.
